V. H. S. Has Held Cup Since 1917—Strathcona Boys Wins it by Brilliant Goal in First Half Game—Strong Defence of South Siders Prevented Victoria Boys Scoring Although They Had Good Forward Line.

Backed by the well known Victoria football club, and playing as well as ever they did, the Burs were unable to withstand the onslaught by the Strathconas from the Strathcona High school last night, and the Rutherford cup changed hands for the first time in three years. Some Notes on the Game
A goal makes a big difference to any team. After Rutherford scored, both teams went to it with a will. The ground was hard but bumps were cheerfully taken.

COMPETITION PRIZE MONEY

Judges Had Hard Job Checking Over Coupons—Three Stars in First Money With Fourteen Correct Forecasts While Eleven Had Tenth Correct—Those With Twelve Right Also Got Small Prize

Watch the "commission" grow, and get it paid. This week again we have to chronicle a big increase, and the way things are going there is no doubt that soon we will be over the hundred mark, and then we will be well away. With three draws occurring in the first division last Saturday, it did not look rosy for many in the forecast, but they backed up in the third division, and in the Scottish League, and many of the competitors who usually fall out in these sections had them all right last week.

Three Divisions First Prize
Three gentlemen divide the first prize this week, and when it is noted that over fifty people have been able to get prize this week, the magnitude of the task of the judges can be appreciated. The amount which they have staked in the winning column, and they will not doubt make good on their bets in the prize list from now on. The majority of those who were first in the prize list have been in the number of new entrants whose first attempt have landed them in the prize list. It was found necessary in order to reward those who did so well as to make twelve correct forecasts to be put them in the prize list. The day is coming when big money will be paid for those who enter the competition. Meanwhile we appreciate the great interest which the competition has aroused and want to make it as attractive as possible.

This Week's Game
After last week's draws, and a peculiar result, no comment is offered at all this week on the games which have been selected for forecasting. Suffice it to say that the prize winners, competitors with lots of good thought, and a little bit of luck, have won the prize money as usual for the week. Entries may be made or sent to the Bulletin office, and to the Hub City Store in White avenue on the south side. A new box is being arranged for the Bulletin. The following is a complete list of the prize winners. Winners of \$10.33 each with fourteen correct results out of twenty forecasts:

**APPEAL ALLOWED
IN JUDGMENT OF
DISTRICT COURT**

Case Arose Before Jude Noel,
Who Died Before he Had
Concluded Hearing

The appellate division of the supreme court Tuesday morning allowed the appeal of David C. Bonarth and W. T. Britten against W. McKernan and A. M. Frazer and the Frontier Lumber company, thus overruling the judgment of Judge Morfeen, who had dismissed the plaintiff's action at Athabasca on July 30th, 1915. Solicitor for the successful appellants was George H. Van Allen, of the firm of Van Allen, Simpson &

Smith, Alta and in the originating action, the plaintiffs claimed that defendants removed a certain quantity of lumber from them and converted it to their own use. The plaintiff claimed \$459 damages. The action was brought before Judge Noel at Grande Prairie on November 17, 1913, and, after hearing the case, he reserved judgment. Death intervened, and Judge Noel's judgment was never given.

The chief justice and Justices Ives, Beck and Stuart, Tuesday morning, having read the appeal books, granted the appeal, and allowed plaintiff's claim.

TRAIN SERVICE TO FORT NORMAN

**Journey to the North Are
Received at Local Offices**

—

"What time's the train leaving to-day for Fort Norman?" First it was a woman's voice that chimed over the phone wire to Clerk Mitchell at the local office of the Edmonton, Dunvegan and British Columbia railway.

The receiver was placed on the hook. Clerk Mitchell resumed his reception of the tariffs. Then the phone bell rang again: "Is there a train for Port Norman this morning, please?" The query came from the gruff voice of a man. And again Mitchell replied as politely as he could.

No fewer than four such queries were recorded at the local north country railway office Tuesday. Strangers

"You would think people would know a little of something," was the comment of the E. D. and H. C. clerk. You would be surprised at the number of persons who think Norman is the liar of the E. D. and H. C.
